# Pink® Batts® SnugFloor™

## Application:

Pink® Batts® SnugFloor™ underfloor insulation is thermal insulation designed to friction fit under new and existing raised timber floors.

## Superior comfort

The benefits of having a warmer, draught free floor makes the decision to insulate your underfloor easy. With Pink® Batts® SnugFloor™ underfloor insulation choosing and installing the right insulation is also made easy. Select the level of comfort and warmth you desire with a R2.6 for maximum thermal insulation performance or the lower R1.6 suited for milder chills. It makes perfect sense that all the benefits of Pink® Batts® roof and wall products can be experienced from the underfloor product range.

## Product Safety

Pink® Batts® SnugFloor™ insulation is manufactured from non-hazardous biosoluble glass wool that is safe for your family. It is completely non-combustible and therefore will not burn.

## Sustainability

Manufactured in New Zealand from up to 80% recycled glass and compression packed for efficient transportation, Pink® Batts® SnugFloor™ insulation plays its part to reduce the impact on the New Zealand environment.

## Assurance

Flexible and easy to cut, Pink® Batts® SnugFloor™ pieces are designed to suit uneven joist spacing and are strapped for durability. They will never slip or fall out, and like our Pink® Batts® roof and wall products will keep you snug for at least 50 years!
