- We'll measure and quote your job (if necessary) within 3 working days.

✓ We'll work to your schedule. **Always.**

- We'll contact you at least once by phone, text or email at least 48 hours prior to the scheduled install date to ensure we stay in synch with your construction and inspection schedule.
- We'll complete the installation within 7 working days or according to the agreed schedule.
- We can schedule your entire installation through your preferred building merchant. If we visit the site, this can be done on the spot.

✓ We'll stand behind our work. **Always.**
