

Pink® Batts® - Changes in our Product Range

In response to customer needs, Pink® Batts® insulation have made some changes to products in their wall range.

Change to 560mm width for Pink® Batts® wall and Silencer® wall products

Pink® Batts® insulation have changed the width of most of the wall range of insulation products from 580mm to 560mm; this means less measuring, trimming and WASTE on site. This will also help save time on site and achieve a better quality of installation.

Products with 560mm width that will replace existing 580mm wide products are:

7127118	Pink® Batts® Classic R1.8 Wall
7127122	Pink® Batts® Classic R2.2 Wall
7127124	Pink® Batts® Classic R2.4 Wall
7127126	Pink® Batts® Ultra® R2.6 Wall
7127128	Pink® Batts® Ultra® R2.8 Wall
7127132	Pink® Batts® Ultra® R3.2 140mm Wall
7127140	Pink® Batts® Ultra® R4.0 140mm Wall
7317001	Pink® Batts® Silencer® 100mm Wall
7317003	Pink® Batts® Silencer® 75mm Wall

Existing products will be discontinued as stocks are exhausted. Products not listed above will retain current widths.

New products in the Pink® Batts® Ultra® 140mm Wall range

Pink® Batts® insulation have also added a 'narrow' version of the 140mm thick wall products. 'Narrow Wall' segments are cut to 380mm to fit between studs at 400mm centres.

Product	Product Code	Segment Dimension (mm)	Nominal Area Per Bale (m ²)	Approx. Coverage per bale (m ²)
Pink® Batts® Ultra R3.2 140mm Narrow Wall	7160241	1140 x 380	7.3	8.6
Pink® Batts® Ultra R4.0 140mm Narrow Wall	7160242	1140 x 380	4.3	5

These products help ensure a faster and tidier installation and minimises wastage during installation.

Products are BRANZ Appraised and Greenguard Certified, have Environmental Choice New Zealand accreditation and are covered by the Pink® Batts® Lifetime Warranty.

The Pink Batts logo, which consists of a white outline of a house roof above the text 'pink® batts®' in a bold, lowercase font.

Always.
