# Pink® Batts® glass wool insulation.

## Choose products with proven performance. Always.

An established brand with an excellent reputation, Pink® Batts® glass wool insulation has been keeping New Zealand homes warm in winter and cooler in summer since 1961. With product solutions designed specifically for our building styles and weather conditions, you can install Pink® Batts® glass wool insulation with confidence.

## Do right by the environment. Always.

Pink® Batts® glass wool insulation is made from over 80% recycled glass sourced only from New Zealand, that might otherwise have ended up in landfills. The Pink® Batts® range has achieved Environmental Choice New Zealand accreditation.

The Environmental Product Declaration for the Pink® Batts® glasswool range: segments, blankets and boards, provides accurate and independently verified information of the environmental footprint, to help designers to make informed decisions when specifying insulation.

## Get what you want, when you want it. Always.

You can buy Pink® Batts® insulation at most major building merchants and hardware stores around the country. No other insulation product can match this availability. Plus for a professional installation service call PinkFit®, the preferred Pink® Batts® installers on **0800 746 534**. They understand the principles of thermal insulation and sound control, so you can be confident the insulation will work properly.

## Use products that offer complete safety. Always.

Pink® Batts® glass wool insulation is completely safe to install and use. Considerable international research confirms that any slight irritation to exposed skin caused by the fibres in glass wool, or through their inhalation, is harmless and temporary. Plus Pink® Batts® glass wool insulation is independently certified to meet the strict international chemical emission limits of GREENGUARD Indoor Air Quality standards to help create healthier indoor air environments.

## Select the right product for the right job. Always.

With Pink® Batts® thermal insulation for walls, ceilings and floors in a range of sizes, thicknesses and R-values, along with Pink® Batts® Silencer® wall and mid-floor acoustic insulation and Pink® Batts® Polyester, plus the Sisalation® range of building paper, foils and synthetic building wraps, there's the perfect solution for your building project. View our product guide at [pinkbatts.co.nz/product-range](http://pinkbatts.co.nz/product-range)

## Use products backed by companies you know and trust. Always.

We work hard to ensure the quality of our products. That's why we're happy to offer a Lifetime Warranty on Pink® Batts® BRANZ appraised ceiling and wall segments and blanket products, so you can be confident they will meet or exceed current New Zealand Building Code requirements for the lifetime of a home.

Tasman Insulation New Zealand Ltd  
Certified QMS
